This summer we had the extraordinary opportunity to be interviewed by Ray Adams, host of Match Play on Fox Sports Network. He was so impressed with our program that he devoted an entire show to GPS. Ray also does a radio show on NBC Sports Radio 'Great American Golf' and had us on 3 times. *"I thank you for getting me up to speed about GPS and all the hard work over the last four years that has helped so many kids and their parents in different ways. Great work for the kids...and a clever marketing plan for distressed golf courses. It appears to be repeatable, predictable and transferable to others in a straightforward way,"* Ray Adams.
